IN ACCIDENTHUSBAND LOST CONTROL OF
CAR ON ROAD 43 SOUTH
OF CITY

Mrs. Bernice Olsen, 44, Chicago, Ill., a bride of only three weeks, died at the Putnam County hospital at 1:45 p. m. Sunday as result of an automobile accident on State Road 43, two and a half miles north of Cloverdale.

Her husband, William A. Olsen, driver of the car, was treated for minor injuries and shock and then released from the hospital.

Mrs. Olsen was admitted at 1:30 p. m. and died of a crushed chest just fifteen minutes later.

The accident occurred as the Olsens were driving north on 43. Authorities said that Olsen lost partial control of the auto due to a loose rear left wheel. The car then hit fresh oil on the pavement and went completely out of control and struck a bank throwing Mrs. Olsen out of the machine.

State police at the Putnamville Post reported that the accident happened at 12:35 p. m.

An inquest was conducted at 11:30 a. m. Monday by Robert Fuson, deputy coroner of Putnam county.

The body will be taken to Spencer. Mrs. Olsen is survived by her husband and her mother, Mrs. Cora Burks.

LONE ROBBER
HAD BUSY TIME
EARLY MONDAYTHREE PLACES OF BUSI-
NESS ENTERED; AT-
TEMPT MADE AT 4TH

A lone robber, minus a shirt, broke into three local business establishments around 5 a. m. Monday and also attempted to enter a fourth place.

City police reported that the man forced his way into Lee Hubbard's filling station, Kersey's music store and Brookshire's filling station. He also broke a glass in a west side window at the Standard Oil filling station, opposite the police department, but did not go inside.

Charles Jenkins, owner of the Standard station, who rooms with Mr. and Mrs. John Vermillion, just two doors south of the station, heard the noise made by the breaking of the window pane. He looked out his window and saw a man without a shirt running west in the alley just south of the Commercial Hotel. This was just a few minutes after 5 o'clock.

Entrance to Hubbard's station, corner of Jackson and Walnut, was gained by breaking the glass in several windows in the rear of the shop. The robber then broke the window glass in the partition separating the shop from the office. Mrs. Hubbard said that some cigars, cigarette and tools were missing.

At Kersey's store, just across the street, the thief gained entrance by raising the window holding the air-conditioning unit on the Walnut street side. The cash register was taken from this place of business and later found in the alley by the hotel.

At Brookshire's station, on the Greencastle-Stilesville road, the thief got in by breaking a rear window glass. It was believed nothing of any great value was stolen.

Armour Burroff, an employee of the Commercial Hotel, also reported to the police that he saw a man without a shirt running past the hotel at approximately the same time that he was seen by Mr. Jenkins.

Chief of Police Victor Gould said the break-ins all took place in a period of a few minutes before 5 and 6:30 a. m.

The Nationalists did not suffer any damage and returned safely to Tachen.

Ike Signs New
Housing Measure

WASHINGTON, Aug. 2 — (UP)—President Eisenhower today signs into law a comprehensive new housing program designed to make more American homeowners and crack down on profiteering builders.

The new legislation, which overhauls the far-flung federal housing program, marks a key victory for Mr. Eisenhower's legislative program. Except for public housing, the act closely follows the President's original recommendations.

The importance attached by the administration to the legislation was indicated by the special White House signing ceremony. Mr. Eisenhower was to return from his mountain retreat near Thurmont, Md., for the signing.

Invited to the ceremony were Vice President Richard M. Nixon and 11 Republican House and Senate leaders who helped draft and steer the bill through Congress.

Five Top Reds
Nabbed By FBI

WASHINGTON, Aug. 2 — (UP)—The FBI Monday announced the arrest of five Communist Party leaders in Denver and Los Angeles on charges of conspiring to advocate overthrow of the government.

FBI Director J. Edgar Hoover said that those arrested included three Red leaders in the underground and another who has been in hiding for the past six months.

He said one of those arrested was Arthur Bary, regarded as one of the party's foremost underground leaders on the West Coast.

Hoover said Bary is known to have worked with top level Red leaders in this country and has been assigned missions to determine how the FBI is able to arrest underground leaders.

Gen. Chu Warns
Of Red Attack

TOKYO, Aug. 2 — (UP)—Red China's top general warned today that the Chinese Communists will invade Formosa and boasted the island will be "liberated" without interference.

"We will absolutely not allow other countries to interfere," Gen. Chu Teh, army commander-in-chief, said in a propaganda broadcast over Radio Peiping.

Other high military and political Red Chinese leaders issued similar warnings over the weekend, but Chu's was the most belligerent.

Chu said the threatened invasion of Formosa and "liquidation" of Generalissimo Chiang Kai-Shek's "brigands" were Red China's own internal affairs.

He complained that Formosa was being protected by armed forces of the "imperialist United States."

SEN. KNOWLAND
FAVORS BREAK
WITH RUSSIAWOULD TAKE ACTION IN
EVENT OF ANOTHER
'INCIDENT'

WASHINGTON, Aug. 2 — (UP)—Senate Republican leader William F. Knowland favors a diplomatic break with Russia or any of its satellites if there is another cold war incident involving Americans and the United States does not get "prompt" satisfaction.

Knowland expressed the view Sunday as Walter Bedell Smith, undersecretary of State, forecast more shooting incidents between U. S. forces and the "belligerent" Chinese Reds.

Smith said, however, "we certainly are not going to be intimidated" and emphasized that this country will take "whatever action seems to us to be necessary in safeguarding our interests."

Knowland conceded that a diplomatic break might wipe out whatever contact the United States has behind the Iron Curtain.

But he said this must be weighed against the continuation of spy centers in Communist embassies throughout the free world. A break in relations, he said, might also give more hope of freedom to enslaved peoples.

In any case, the problem merits "more consideration" than it was given by past administrations, Knowland said in a television interview NBC's Meet the Press.

Smith, appearing on a separate television program CBS's "Crossroads in Asia," stressed that American military personnel will not be "trigger happy or overly impetuous" as "some of our European friends" believe.

EXTRA!

GUATEMALA CITY, Aug. 2.—(UP)—The anti-Communist government of provisional president Col. Carlos Castillo Armas announced today that the local military garrison has revolted.

A government broadcast said fighting was underway, but that the situation was "under control."

Sounds of the battle at the military base in the capital's suburbs could be heard in the center of the city.

MICHIGAN CITY, Ind., Aug. 2.—(UP)—Searchers recovered the body of Walter Valentine, 35, Sunday several hours after he tried to swim in Lake Michigan and was washed away by rough water.

His wife, Helen, said she and another couple warned Valentine a Michigan City bartender, against taking a dip Saturday night. But he ignored them and was swept away as he slipped into the water.

INDIANAPOLIS, Aug. 2.—(UP)—Dewey Wilson, 72, shot and critically wounded his landlord Saturday night, then killed himself as police closed in on him at his rooming house, authorities said.

George L. Dean, operator of the rooming house where Wilson lived, was in grave condition in General Hospital with a chest wound.

A neighbor said he heard Wilson and Dean arguing and saw them exchange blows on the porch of the house before Dean was shot. A shot was heard after the two went inside.

WASHINGTON, Aug. 2.—(UP)—President Eisenhower and his family returned to the White House today after a long weekend in the Western Maryland mountains.

PANMUMJOM, Korea, Aug. 2.—(UP)—The U. N. denied today Chinese Communist charges that two allied soldiers invaded Communist territory and touched off a gun battle in which they were shot and killed.

The Communists refused to identify the nationality of the two men they allege started the incident and refused to allow the

United Nations to view or recover the bodies.

American Lt. Col. John A. Brock told newsmen Allied truce investigators "failed to find any evidence to support the charges."

CLEVELAND, O., Aug. 2.—(UP)—Attorneys for Dr. Samuel Sheppard, accused of the July 4 slaying of his pretty wife, Marilyn, went into court today in an effort to obtain his release on a writ of habeas corpus.

Defense attorney William J. Corrigan filed the writ in the court of Common Pleas Judge Frank J. Merrick. Corrigan contended that Sheppard's arrest Friday night was illegal since the warrant was signed by Bay Village Council President Gorman M. M. Barber, who acted for Mayor J. Spencer Houk. The lawyer said it was illegal for a justice of the peace to delegate authority to someone else.

Detectives, who questioned Sheppard for 12 hours Saturday and more than seven hours Sunday, admitted they had made no progress. They said the osteopath continued to maintain that a mysterious intruder battered his pregnant wife to death in the bedroom of their lakeside home in suburban Bay Village. Sheppard said he was asleep on a downstairs couch at the time and later was knocked unconscious when he grappled with the intruder.

Mr. Masters' Reasoning Upsets No-Trump Contract

Mr. Dale's inclination to play no-trump contracts got him into trouble on this hand. Five diamonds was cold against any defense, but the three no-trump contract was defeated on a neat bit of thinking by Mr. Masters.

Mr. Champion's opening lead was the four of spades. A small card was played from dummy and Mr. Masters' jack was smothered by Mr. Dale's ace.

Mr. Dale now led the ace of diamonds and continued with a small diamond. On this last trick Mr. Champion showed out, discarding a club. Mr. Dale went up with the king of diamonds in dummy and led the jack. Mr. Masters winning with the queen. Mr. Champion discarded another club.

After a few moments thought Mr. Masters laid down the ace of hearts, dropping the lone king from the closed hand. Mr. Champion could not afford to signal with a high heart and was forced to play the discouraging deuce.

Masters Continues

But Mr. Masters continued with the trey of hearts anyway and Mr. Champion won with the queen and pushed the nine through dummy's 10 spot to make sure of four heart tricks for his side.

Why did Mr. Masters decide to bang down the ace of hearts instead of returning his partner's spade lead? Can he see through the backs of the cards or something? No, his play was based on brilliant, though essentially simple logic.

Here was his reasoning. When Mr. Champion opened the four of spades, Mr. Masters could see the trey in his hand and the deuce on the board. Therefore Mr. Champion had started with just four spades.

SECOND POINT

Point No. 2: If Mr. Champion had held a suit of more than four cards he would almost certainly have opened that suit.

Point No. 3: Mr. Champion showed up with a singleton diamond.

Now what distribution is indicated when a player has a singleton and no suit longer than four cards? There is only one such distribution. It is 4-4-4-1.

So Mr. Masters figured his partner for four hearts. And since he himself had four and there were four on the board Mr. Dale had exactly ONE.

Vanlandingham-Hutchison Wedding Sunday

Mrs. Ronald Vanlandingham was Miss Charity Hutchison before her marriage Sunday, August 1st, at 4 o'clock in the First Christian church.

The bride is the daughter of Mr. and Mrs. Chester Hutchison of Cloverdale, R. 1 and the bridegroom is the son of Mr. and Mrs. Orle Vanlandingham of Greencastle.

Rev. Ralph Saunders officiated at the double ring ceremony before an altar decorated with baskets of white and blue carnations and white gladioli and palms, and lighted by two seven branch candelabra. The church pews were marked with bouquets of white and blue carnations and ivy, with white satin bows.

Preceding the ceremony Marion daughter sang, "Oh Promise Me" and "I Love You Truly." Mrs. A. L. Meredith accompanied him at the organ.

The bride appeared the altar over a white aisle cloth, on the arm of her father who gave her in marriage. Her wedding gown was of chantilly lace over white satin, fashioned with a fitted bodice, scalloped neckline, trimmed with sequins and pearls, full skirt falling in a chapel length train, and long sleeves coming to points over the hands. Her finger tip veil of illusion fell from a shaped helmet of lace and satin. She carried a bouquet of white lilies tied with white satin streamers.

The maid of honor, Miss Chitra Hutchison, sister of the bride, wore a strapless sky blue floor length formal of taffeta and tiered ruffles of tulle. Her head band was pink carnations. She carried a colonial bouquet of pink lilies. The bridesmaids, Nancy Livesay, Carolyn Brown, Janice Larkin and Diane Johnson were dressed in the bride's chosen color of pink taffeta with tulle overskirts. They each carried bouquets of white and blue carnations tied with white satin streamers. Robert Vanlandingham, brother of the bridegroom, was best man. Ushers were Gordon Butts, Keith Sanford, Ronnie Toney and Jack Heath.

The bride's mother wore an aqua blue dress and a corsage of white roses. The bridegroom's mother wore a navy blue dress with white accessories and a corsage of yellow roses.

Following the ceremony a reception was held in Fellowship Hall. The reception table was decorated with a lace cloth, a three tiered wedding cake topped with a miniature bride and groom and surrounded with pink and white chrysanthemums and ivy and lighted by candlelight. Assisting at the reception were Mrs. Roger Nodley, Mrs. Ora Turner, Jr., and Mrs. Homer Leucus.

The young couple left on a wedding trip to the Smokey Mountains. For traveling, the bride chose a white nylon net over satin and a pink carnation corsage. On their return Mrs. Vanlandingham will reside with her parents while her husband is serving with the U. S. Air Force in England.

Out-of-town guests at the wed-

ding were from Indianapolis, New Market, Crawfordsville, Wingate and Douglas, Arizona.

HERE are faces and words in the sensational and bloody murder of Mrs. Marilyn Sheppard, wife of Dr. Samuel Sheppard, osteopath along with his brothers and father at Bay View hospital in Bay Village, O., Cleveland suburb. Most sensational of all is admission of Susan Hayes that she and "Dr. Sam" had engaged in amours. She was brought from Los Angeles to Cleveland. Other points of investigation involve blood stains not quite washed away in the Sheppard home, a missing T-shirt the doctor was said to have worn the night of July 3. And why no one heard screams of Marilyn Sheppard, 31, as she was being beaten to death in a bedroom. (International)

SOFTBALL

SOFTBALL

Monday

7:15 Girls vs. Crawfordsville.
8:30 IBM vs. Home Supply.

IBM, 10; Fillmore, 8.

In a sensational late-inning comeback IBM eliminated Fillmore from any possibility of a second round title by winning, 10-8.

IBM, with one victory and one defeat in the playoffs, will face Home Supply at 8:15 Monday night. Home Supply has won one and lost none in this double elimination tournament. Should Home Supply win Monday, they will be second round champs; if IBM wins that night, the rub-off game will be played Tuesday.

The game was a last-ditch stand for the IBM squad, which is badly crippled by the loss of regulars Lynn Murray and Keith Shinn to the National Guard Encampment. They had folded almost completely after looking like they were going to rip the league apart earlier this month.

Going into the IBM sixth, Fillmore was "way out in front" by an 8-3 margin. Big Gene Clodfelter, the Fillmore ringer-ball ace, had relieved starter Dave Grimes a couple of innings before, and had not allowed a man to reach base. In the meantime, Fillmore had racked Ralph Beaman freely, scoring three in the first, four in the second, and one in the fourth. Stan Pierce led off for IBM in the sixth with a walk. Pee Wee O'Hair got a lift when his pop fly dropped in short right field for a fluke single. Paul Giddings then brought the multitude of IBM rooters to their feet with his second home run of the night, a terrific poke into the left field corner.

Clodfelter got out of that inning with no further damage, and the game progressed into the seventh with Fillmore still holding a fairly safe 8-6 lead. It looked even safer when Bill McDonald struck out. But Ralph Beaman arrived safely at first when Dave Grimes threw low to first on his easy grounder. Phil Elliott, who hadn't had a base hit for a month, drove a 0-2 pitch into right-center for a single, and Beaman went all the way around when the right fielder bobbled the ball. Elliott took second on the play. Stan Pierce also took two pick strikes, and then belted the ball deep into right center for a game-tying triple.

At this point the Fillmore Supermen folded completely. Grimes dropped Pee Wee O'Hair's pop fly in short center for an error, and Pierce scored with the run that eventually meant the game. Paul Giddings walked; on ball four the ball got away from catcher McKamey and O'Hair raced to third. Lloyd Grimes, who hit a homer earlier in the contest, was passed intentionally to load the bases. Clodfelter then walked Bob Hoffman on four pitched balls to force in a run. That made it 10-8, and that's the way it ended a few minutes later.

Fillmore started like they were out to make the game a five-inning affair. Gerald Carpenter's double scored two men in the first inning, and Beaman's wild throw to first on a simple grounder allowed Carpenter to score.

Four more runs streamed across in the second. Hits by Ed

Robinson and Dee Greenlee, and Carpenter's second double were the principal hits.

Giddings and Grimes hit back-to-back homers in the IBM second, and Pierce's first hit accounted for another in the third.

In a meeting following the game, league magnate Robert Harvey and the managers of the contending teams decided on the opening date of the City Tournament. It will start next Friday night at 8:15 p. m.

DODGE
"Job-Rated" TRUCKS

LOOKING... ...AT LIFE

By Erich Brandeis

Is our national drink really iced tea with lemon and sugar "a drink universal in hot weather in the United States and virtually unknown elsewhere"?

You cannot always go by what the author of a book says, because some of the most misleading doctrines in the world have been expounded by authors. But there is a whole lot of truth in a new book "American Ways of Life" by George R. Stewart and published by Doubleday.

Stewart, who was Fulbright Professor of American Literature and Civilization at the University of Athens last year and the year before, has made quite a

few, rather strange, observations on American customs and habits.

For instance, he tells us that many of our customs, which we consider typically American, are not American at all but simply traditions transplanted to America by our ancestors, of various nationalities.

Our language, for instance, is English. There is no American language.

America has not invented any new religion. All our different religions, practiced in this country, are European religions. One of the reasons why so many Americans don't go to church, he says, is due to "early forest isolation," a statement in which I thoroughly disagree with the author. I believe that one of the main reasons why so many Americans don't go to church is nothing but laziness.

We eat what our ancestors ate. That's why we don't like horse meat. Most of our North European ancestors didn't like horse meat, so we don't either.

We use the adjective "corn fed" to indicate a country-American, but we don't eat nearly as much corn as the Mexicans, who practically live on tortillas, enchiladas and similar concoctions.

Where the French use "vin ordinaire" as something that regularly appears on every table, we consume tomato ketchup in enormous quantities. And ketchup is of East Indian origin.

Next to iced tea in popularity, according to Stewart, is milk. Third place is accorded to sweet soft drinks; fourth to water; fifth to "cocktails, designed to disguise the native taste of whiskey." Some day, when I meet Mr. Stewart, I would like to argue the latter statement as well as the sequence of the popularity of American drinks with him. Where, for instance, is coffee?

In clothing we are copycats. In spite of the fact that American fashion designers rank way up high, we still copy the French

fashions for women and the English ones for men. Our only contributions to the fashion world, he says, have been the moccasin and levis.

As far as literature is concerned, Andrew Carnegie, according to the author, has done much to deprive writers of their incomes by founding free libraries. He has also ruined "free enterprise of writers," whatever that means.

As one literary critic says, "his book is fresh, entertaining and provocative, and rather hop-pity-skippy."

It certainly is hop-pity-skippy.

GATE TO 'STREETS OF GOLD' MAY BE ABANDONED

ELLIS ISLAND in New York harbor, gateway to America's "streets paved with gold" for more than 20,000,000 immigrants since it became an immigration station in 1890, may be abandoned by the Immigration and Naturalization service. Immigration Commissioner Joseph M. Swing recommends such action. The island, a self-contained city, is shown in lower middle of photo. In 1907, the peak year, more than 200,000 immigrants poured through its gates. Now less than 2 per cent are landed there. Swing said transferring the operation would save money. (International)

I WILL CALL UPON HIM

ROY COHN (left) and Senator Joseph McCarthy (R), Wisconsin, acknowledge an ovation from throng of 2,000 at a recognition dinner for Cohn in New York. McCarthy told the crowd, "Roy Cohn thinks he has resigned. I want to tell him he has not... I will call upon him for help and advice." Cohn was given a plaque by sponsors of the event, the Joint Committee Against Communism. (International Soundphoto)

SEATED IN HIS Senate Office building office in Washington, Senator Ralph Flanders (R), Vermont, holds a check-off list in anticipation of action on his anti-McCarthy resolution. He said he would construe absence of any senator "without reason" as an attempt to dodge a position for or against Senator Joseph McCarthy (R), Wisconsin. (International Soundphoto)

NIAGARA FALLS CLIFF JUST AS IT BEGAN TO FALL

NIAGARA FALLS' Prospect Point, a favorite spot for honeymooners, is shown just as it began to crack away and fall 170 feet to the bottom of the chasm. An estimated 185,000 tons of rock and dirt took the plunge. The part shown falling away ran 200 feet long, 50 feet back from the edge, and 150 feet down. The fall lasted nearly 10 minutes.
